

E-TON VIPER RXL 90R

With a focus on safety and a sleek stylish design these VIPERS (50, 70 & 90) are sure winners with kids and adults who are looking for something special in a quad!

The RXL range has been designed with every attention to detail. A high quality 8-piece plastic fender system enables 2-tone colour options and also reduces replacement fender costs.

Built with safety in mind and sporty looks makes it an ideal choice for both parent and child. The Viper RXL-90 is equipped with a hydraulic rear disc brake for better braking efficiency, increased stopping power and easier maintenance. E-Tons have it all!!!

VOTED BEST YOUTH QUAD BY US MARKET! 2005

ATV 4 Wheel Action magazine has just named the E-Ton Viper 90 the new number one rated youth ATV. The Suzuki LT80 had held the top spot since 1987 but the Viper 90 was simply the best they had ever tested!
